## Types of Boxes

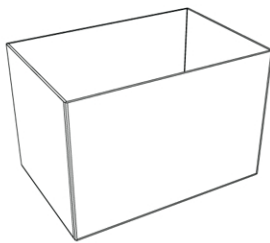

Regular Slotted Container (RSC)

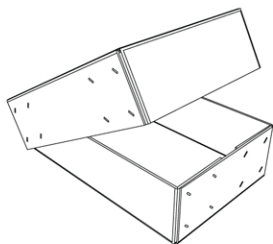

Die Cut Box (D/C)

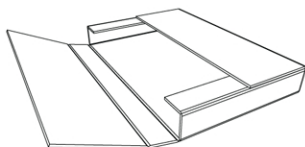

Full OverLap (FOL)

Half Slotted Container (HSC)

Telescoping Box

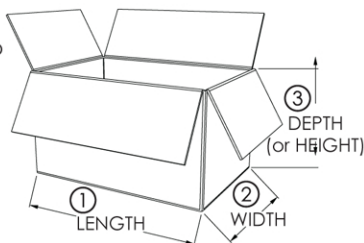

One Piece Folder (OPF)

## How to Measure a Box

NOTE: ALL DIMENSIONS ARE INSIDE DIMENSIONS

- ① Length is always the longest side of the box that has a flap
- ② Width also has a flap, but is always the side shorter than the length
- ③ Depth (or Height) is the only dimension without a flap

# Foam Division

Willard Packaging specializes in providing effective foam solutions for a wide range of product applications – from shipment packaging to medical products. Additionally, we offer an environmentally friendly foam solution that is 100% recyclable!

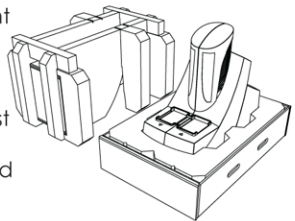

**100% RECYCLABLE**

## In-House Design Services

Our experienced design department can handle any packaging requirement and is helpful in making suggestions or answering questions regarding the use of transit cases, foam or corrugated products. With the utilization of the latest CAD/CAM equipment, we are able to produce accurate product samples and drawings. We are also able to provide 3-D virtual prototypes.

\* \$100 minimum for FREE local delivery.

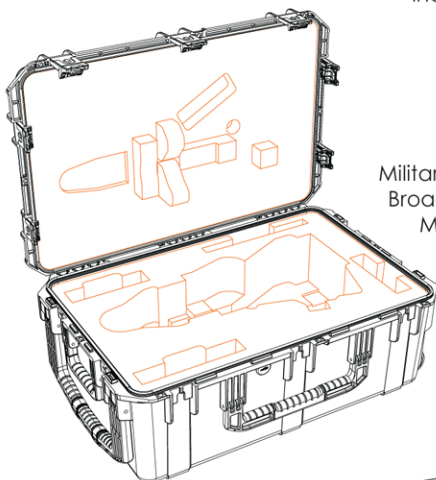

# Willard Packaging Co.

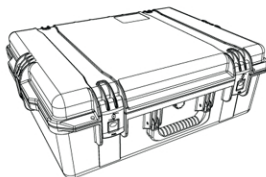

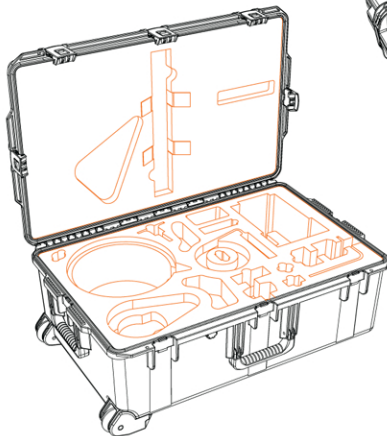

## Case Division

Willard's in-house Design Team will offer you an innovative custom case solution for your application from the inside out, giving careful attention to many factors: the weight and fragility of your product, the shock and vibration shipments will impose, the most efficient use of the case's interior space and how the case will be used at its destination.

Our case division serves the following industries and product lines:

- Aerospace Equipment
- Scientific Instrumentation
- Computer & Electronics
- Audio & Video
- Firearms
- Military & Government Agency
- Broadcast & Communications
- Medical & Pharmaceutical
- Sales Demonstrations
- Consumer Products
- Sales & Marketing
- OEM & Industrial
- Trade Shows
